Date : Saturday, 3rd March 2018

Time : 2.00 pm - 4.00 pm (Lunch starts at 1.00 pm)

Venue : TBC

Organised by:

An Invitation

Synopsis

The Singapore Society of Nephrology is proud to present this year's Renal Update in conjunction with World Kidney Day 2018. The theme this year is "Kidneys & Women's Health: Include, Value, Empower". Chronic kidney disease affects 195 million women worldwide, and there is a need to recognise issues unique to women in managing this condition. We have arranged an interactive session for the update, including topics that we believe will be of great interest and relevance to your practice. We look forward to you gracing up with your presence, and believe that you will enjoy and benefit from the update.
